EDUCATION

Aurora University, Aurora, IL

August 2024 – May 2026

Bachelor of Science in Computer Science

GPA: 4.0

- Minor in Math and Philosophy
- Relevant coursework: AI Ethics and Software Testing

Waubonsee Community College, Sugar Grove, IL

August 2022 – May 2024

Associate of Science in Computer Science

GPA: 3.96

WORK EXPERIENCE

PromoterMotor / NourishCap, North Webster, IN

August 2025 – December 2025

Software Engineer Intern

- Automated internal workflows leveraging JavaScript, Node.js, and FFmpeg, reducing manual effort for 5+ team members, including video thumbnail generation
- Developed and improved backend systems to meet evolving product needs, supporting user growth
- Optimized AI prompts to enhance output quality and consistency, reducing human review by 30%
- Utilized Python and BeautifulSoup to collect and format data for outreach campaigns to increase users by 6%

PROJECTS

Capstone Project

React Native, React, Nativewind, TypeScript, SQLite

- Led development of an offline-first electronic medical records (EMR) system with a 3-person team
- Designed full-stack architecture enabling tablets to share patient and inventory data without internet access

BigNum System

C++

- Implemented an arbitrary-precision BigNum library with test-driven development practices

Signature Automation Tool

JavaScript, Node.js, FFmpeg

- Built a tool to batch watermark and process 40+ images, reducing manual editing work

INVOLVEMENT

Computer Science Association, Aurora University, Aurora, IL

September 2025 – May 2026

Leader

- Taught game development, Godot, and other programming concepts to 15+ people
- Established a space on GitHub for 15+ students to share technical interests, collaborate on projects, and foster communication skills and networking

HOBBIES AND INTERESTS

- Designed and developed 20+ video games in Unity C#, with 3 games having 40+ downloads
- Competed in 5 game jams, with 2 projects having top 10 placements

TECHNICAL SKILLS

- Languages: JavaScript, TypeScript, Java, C#, C++, Python, SQL
- Frameworks: Node.js, Express, React, React Native, Tailwind, Bootstrap
- Tools: Git/GitHub, Unity, Godot, FFmpeg, JIRA
- Databases: MySQL, SQLite, MongoDB
